

## Printer Cartridge Recycling:

### 1. What CAN we recycle:

Standard printer ink cartridges from home or small office sized printers

### 2. What CAN'T we recycle:

Large or industrial sized printer cartridges

### 3. How to prepare your printer cartridges:

Please ensure they are empty of ink and not leaking.

### 4. The good they do:

Not only does recycling them reduce waste but money raised from recycling the materials in the ink cartridges raises money for local charity, Winchester Youth Counselling Services.
